Region 4 Health Unit Services

Please call for an appointment for all services.

Reproductive Health

Clinic Fees are based on a sliding scale. Medicaid and most health insurance plans are accepted.

- ❖ The following services are provided during a Reproductive Health Clinic appointment:
 - Physical Exam
 - Family Planning Counseling and Education
 - Medications and/or Supplies as needed
 - Testing for Sexually Transmitted Diseases (STD) and HIV/AIDS
 - Referral for Mammogram as needed

Immunization Program

Childhood Immunizations (birth through 18 years of age) are available at no cost to individuals who are American Indian or Native Alaskan, have Medicaid coverage, have no insurance, or have insurance but it does not cover vaccinations.

Adult Immunizations are available to individuals who are covered by Medicaid, those who have no insurance and those for whom insurance does not cover the cost of vaccine.

Women, Infants, and Children –WIC Supplemental Nutrition Program

WIC clinics are available at the Health Units for pregnant, breastfeeding, and postpartum women, infants, and children (under 5 years old). Please call the health unit for an appointment. Eligible participants must show proof of income and residency at the time of their appointment.

Pregnancy Testing

Pregnancy testing and education is available at the health unit.

No one will be denied services for inability to pay.
