

FIRE EXIT DRILLS

Fire exit drills shall be held in each school in order to train students for the proper and safe evacuation of the buildings in case of fire. The frequency of the drills shall be two drills during the first two weeks of school and one drill per month thereafter.

A monthly report shall be sent to the risk manager on fire drills held, indicating the dates and times, the number of pupils participating, and the time which was required for buildings to be evacuated.

Current practice codified 1975

Adopted: Date of manual adoption
